DOCTORS DOOR

LOCAL COMMITMENT QUALITY SERVICE

ABOUT US

Doctors Door is a limited liability partnership Health Care Staffing and Consultant. Doctors Door envisages a cent percent healthy society with maximum healthcare service in all the areas including remote areas. We make sure that our far-reaching service is equally exploited by people of diverse communities and backgrounds by connecting with top-grade healthcare professionals.

We troubleshoot the issues in the field of healthcare and recruit and allocate suitable employees, ever so quickly. We've been the prime choice and a helping hand for our clients for a long time and will continue our services for years to come.

Our values and ethics are tied to credibility, accountability, and spontaneity.

Hence, our well-versed team for recruitment allocates suitable employees through our job portal to assort and recruit the best doctors in India. We are your promising choice for consultant services to give plausible solutions for healthcare entrepreneurs.

Doctors Door acts as a pillar that holds the value of reliability to rectify the conspicuous flaws in the healthcare department.

MISSION

Our mission is to advocate healthcare professionals along with healthcare management to find and provide the best solution for the obstacles they face.

VISION

We are ambitious to enhance a healthy society by expanding our service globally, to reach our goal through loyal commitment and quality services.

CORE VALUES

- Loyal
- Promising Commitments
- Quality Services

DOCTORS DOOR

OUR SERVICES

HEALTH CARE STAFFING

Doctors Door is a team of Doctors and Healthcare Management professionals specialized in Marketing and Human Resource. Our principle is to reduce the effort of Hospitals and doctors to find the best options by providing suitable services. We believe that face to face Interaction can understand the nature of Management and Doctors, and we make use of technology to find the best solutions based on the situations. We also provide complete recruitment solution for hospitals by onsite support with our team. We are well experienced recruitment agency for Doctors in Kerala, Tamil Nadu, Karnataka and Qatar.

Para Begin our service in Kerala since 2015 and we expanded our service to Tamil Nadu and Karnataka from 2017. We concentrate to reach our service in all the remote areas and we recruit doctors for medical colleges, as there is lack of health care availability. We have a team for recruitment with experience in healthcare staffing, and we have our own job portal (www.doctorsdoor.in), one of the dedicated job portals for doctors which are being used by doctors and hospitals in India. We provide a facility for the hospitals where they can post free jobs. And doctors can also find the jobs they prefer based on their interests. The best-paid jobs in Kerala will be listed on our job portal.

HEALTH CARE CONSULTANT

As we are a Team with a combination of Doctors and Health care Management professionals,

We are well experienced in implementing R&D for hospitals, Polyclinic and Clinics to achieve its GOAL.

We are specialized in branding and marketing strategies to fulfill health care requirements by various methods.

We provide the health care entrepreneurs support to collaborate with the well established Hospitals and well established doctors.

As health care consultants, we also suggest locations for health care entrepreneurs where they don't have any obstacles to start a project.

WHO WE ARE WHAT WE DO WHERE WE DO

WHO WE ARE

We are a team of young, enthusiastic Health Care Professionals and Health care Management Professionals.

Our service started before five years by understanding the hardship of entrepreneurs and Healthcare professionals to fulfill their role in society.

WHAT WE DO

We also help find solutions for health care professionals to find their dream job as Health Care Staffing Agents. We provide the best solutions for Health care entrepreneurs by sharing our ideas and sources gained with our experience in the Health care Industry. So we are a proud team of Health Care Consultants.

CONCLUSION

As measured by various methods, Healthcare is moving into the home increasingly often and involving mixture of people, a variety of tasks, and a broad diversity of devices technologies and modern living.

The Entrepreneurs focusing on Health care are facing a lot of obstacles due to the unavailability of doctors.

As healthcare professionals are comparatively very less for the increasing population. We make the health care management to reach their GOAL by Providing them doctors suitable for their need.

We play a vital role in assisting health care professionals to achieve their GOAL by understating their interest in the environment they like to work last but not least, the issue of equity requirement to health care requires major changes with a unique solution.
